### Standard News

Miss H. McMillan, who has been engaged as the teacher of South Valley School for the past term, left for her home at Whitts, Alta., on Friday.

Miss Helen Rasmussen has returned home from Blair, Nebraska, where she has been attending Dana College.

Mr. J. J. Gotti spent a few days in Bassano last week, during his absence Mrs. Petersen presided over the examinations in the Standard school.

Miss M. A. Peden, the primary teacher of the school left here on Saturday for Calgary. It is Miss Peden's intention to visit the coast also, also in Nelson, B.C., and Macleod before returning in September.

Football fans in Standard moved to Chancellor on Thursday night to witness a game between Chancellor and Standard. Both teams played a good game but Standard came home victorious. The final score was 3-0 in favor of the home team.

The many friends of Mr. and Mrs. Gordon Weir will regret to learn of a fire which broke out in the pretty home in Flushing, a short time ago, and partially destroyed their house. In a letter from Mrs. Weir she spoke very highly of the new work, and said that it was owing to their thoughtfulness and consideration that very few of their household effects were damaged. The only thing which really suffered was the piano, which was almost a wreck. The fire was caused from a defective fire box. They are quite settled again, however, in a pleasant apartment. After the address given here, Suite 2F, 200 2 Ave. J, Brooklyn, New York.

Mrs. A. L. Williams and children have returned home from Dundak, Ont. where Mrs. Williams visited for two months.

Mr. J. P. Pringle spent the week end in Edmonton.

Excavations are being made near what is commonly known as the "Old Cellar." Mr. M. Rasmussen is going to erect a new home there.

A number of Standard residents motored to the Bow River, south of Cluny, on Sunday, June 27th, to attend the picnic and church service which was held there on that day. Mr. Pennel had charge of the arrangements, and his combined circuit consisting of the Union Church congregations from Standard, Chancellor, and Hazaar, were present. After a picnic lunch about 1:30 o'clock, everyone gathered in a semicircle and enjoyed the sacred concert and sermon. The spot chosen for the proceedings formed a perfect amphitheatre and the voices of those taking part were excellently heard by all. Because his congregations were all assembled together, Mr. Pennel chose to celebrate June 22nd with a Mother's Day service. Several appropriate solos and recitations were given. Woodrow Wagner recited "Mother of Mine," and Allister Dingwall, from Chancellor, gave "My Mother" as his recitation. Miss McGill gave a very interesting address on "What we owe our mother." Mrs. Wagner favored the company with a solo, which was very much enjoyed. Mrs. Christensen and Mrs. Brown, of Hazaar, sang a delightful duet. A small portable organ, which Mrs. Christensen presided over, lent much to the enjoyment of the afternoon. The text for the sermon was taken from the story of the Prodigal Son, and Mr. Pennel spoke on the subject of "A Modern Parable of the Prodigal Son." Following Mr. Pennel's address, two little boys from Hazaar sang "Jesus Ride Thy Ship." After a hymn and the benediction, the service closed, and as the weather was very unsettled everyone left immediately.

### Coming Events

On July 4th and 5th, the greatest picture of the season, "The Covered Wagon," will be shown at the Memorial Hall. Critics claim this is one of the greatest pictures of the age and is a special attraction. Admission 50c and \$1.00. 2-7-21

U. F. A. MEETING  
A special meeting of the Strathmore U. F. A. at Town Hall, Saturday at 2 o'clock to arrange for a supply of binder twine. We can get a special price if we combine our orders through the U. F. A. Also to consider a grievance of those who sell comb to the Demonstration Farm. This will be an open meeting and all interested please attend. LESLIE WEST, Sec.

WHEAT POOL MEETING  
A meeting of the Nightingale Wheat Pool Local will be held at Nightingale Hall on Thursday, July 15th, all members requested to attend.

JAPAN BEING INVESTIGATED  
It is a Crime, deputy minister of Agriculture, Mr. Aikawa, who was in Japan with the first shipment of livestock ever sent there from Canada, is now busily engaged in looking into the question of a possible market for Alberta live stock and other products. He advises that the prospects for cattle trade with that country are good, although the prospects for the sale of horses are not so attractive.

Boys of Standard gathered together at Webb's Banner Hotel on Thursday night to bid farewell to Mr. H. M. Graham, who has been made manager of the Chinook branch of the Union Bank, and who has been manager of the bank here for the past two years. The outstanding event of the evening was the speech by Mr. Webb, in which he stated the regret with which the residents of Standard heard of Mr. Graham's departure, and closed by wishing him every success and the best of luck in his new surroundings. During the evening Mr. Graham was presented with a tie pin as a small token of appreciation and good will. After the presentation Mrs. Webb served a very dainty supper, which was much enjoyed. Mr. Graham's absence will be very keenly felt in the sporting circles of Standard, as he took an active part in baseball, golf and tennis. He was elected president of the tennis club for the present year.

Mr. and Mrs. Alfred Petersen were recent visitors to Calgary.

Latest reports state that Elmer Rasmussen is progressing very favorably in the Holy Cross Hospital, in Calgary, and that he will soon be able to return home.

Mr. E. Wirt was a passenger to Calgary on Saturday's train.

Mr. Geo. Webb and Mr. Dawson went to Cochrane by train on Tuesday, returning on Wednesday with Mr. Dawson's car, which he had been forced to leave at Cochrane on account of bad roads.

It is estimated that about 5-8 inch of moisture fell during the heavy rain fall last week end at Standard.

Miss E. Lemon, who has taught the Craigantler school for the past year left for Calgary on Saturday.

Mr. H. A. M. Graham left for Calgary where he will spend a two weeks holiday before going to Chinook.

Mr. J. T. Hermanns was a passenger to Calgary on Saturday's train. He will enjoy a vacation before returning to Standard.

Mrs. Axel Larsen and two kiddies were visitors to Calgary last week.

### Fortnightly Crop Report

Issued by the Dept. of Agriculture

Growth of the new crop in practically all parts of the province has been retarded by the cool weather of the past fortnight, and in many districts the grain has been almost at a standstill. The past week, however, has seen the advent of warmer weather, and during the past five days the crops have been brought to the stage where more rain is necessary to maintain healthy growth. This feature of the situation is emphasized in nearly all reports received, in some districts too much moisture being urged.

The south-western part of the province has been favored with an abundance of rain during the past fortnight and is today showing the most satisfactory conditions with respect to the growing crop. South of Calgary to the international border rain has been general in nearly every locality.

The south-eastern part of the province is still much in need of rain, only local showers having visited this territory in the past two weeks.

In the central and northern parts of the province the grain, though greatly retarded by the backward weather, is showing a fairly healthy growth, and has been considerably benefited by the belated warm weather, but is in need of rain at this date. General rains will be needed over most of this territory within the next week if the grain is to continue satisfactory progress. The crops in the Grande Prairie and Peace River districts show some improvement since last report, owing to showers of rain which visited these districts in that period, but further rains will be needed shortly.

Frost occurred on several occasions since last report, and grain in some districts suffered slightly. Grasshopper have shown up seriously in some localities, but are well under control, and the experience of the provincial experimental stations.

### Weather Report

Supplied by C. P. Irrigation Dept.  
June 26th to July 1st

Date	Min.	Max.	Precipitation.
26	79.2	46.9	.03
27	57.0	33.0	1.07
28	64.0	52.8	.15
29	74.0	43.0	
30	82.8	47.0	
1	89.5	50.0	

The first cutting of alfalfa in the southern district is now under way, and the crop appears to be satisfactory. Pastures are rather poor on account of lack of moisture.

GOVERNMENT WEED INSPECTOR  
The Provincial Department of Agriculture, under their new weed policy, have placed at various centres in the province, men trained agriculturally, whose duty it is to act in an advisory capacity with farmers in matters pertaining to weed eradication, cultural methods, rotations, and allied problems.

Mr. R. W. Brundsen, who has had quarters at 627 11th Ave. W., Calgary, has been appointed field supervisor of this district, and is anxious to serve the farmers of his district in every manner possible.

Instances where farmers would value advice from someone who has made a study of a given problem, occur daily. These problems are those which the Provincial Field Supervisors are anxious to assist in solving.

Farmers of this district are therefore urged to get in touch with Mr. Brundsen either by letter or telephone M4136, and avail themselves of his services, and through him the services of the Department of Agriculture, and the experience of the provincial experimental stations.

### Dalemead Doings

Mr. C. F. Halsey left Dalemead last week for Malton, Ill., where his old home is. We all hope that he will have a most enjoyable trip.

Yes, we're in for the movies now. Last Tuesday the Dalemeads people were entertained with a splendid picture, "Across the Border." Yip, we're doing better and better every day.

It is certainly good to have Mrs. Dixon amongst us again. Mrs. Dixon will proceed to the coast, however, in a few days, and we hope it will do her good.

Yesterday we finished a bit of ploughing, and, by the way, we certainly like the rocks, especially the ones you don't expect.

Friday, June 27th, was the last day of school, and most of them put a grand finish to the term. Oakland school children had a regular time of it, with games, speeches and a light lunch served by the ladies, while Miss Pashak, the teacher, was presented with a beautiful silk vanity case.

### Masonic Service

The Brethren of Strathmore Masonic Lodge held their annual service at St. Michael's Church on Sunday evening last, when a crowded congregation attended and joined heartily in the Thanksgiving service.

Owing to the bad state of the roads, brethren from outlying districts were prevented from being present, amongst these being M. W. Bro. J. T. Macdonald, P.G.M.

The service was in simple form, in keeping with the ancient landmarks of the order.

Bro. E. W. R. Lambert acted president at the organ, the lessons were read by Bro. W. R. Wood, W. M., and the Rev. A. D. Currie, preached an inspiring and instructive sermon.

The service closed with the singing of the National Anthem.

### STORY OF THE GOLD RUSH

"The Covered Wagon," a Paramount super-production directed by James Cruze the man who made "The Old Homestead" will open at the Memorial Hall for a two day run on July 4th and 5th. The story is one of the gold rush of '49 and is the most thrilling love tale ever screened. A young army officer is unjustly accused of theft while in the service and is brave enough to bear this false accusation even though it meant for him the loss of the girl he loved. A prairie fire and the only buffalo hunt ever filmed, are but two of the many thrilling scenes of the picture. There never was a picture like "The Covered Wagon," and there never will be.

### SOME BIG SCENES

Here are some of the big scenes in "The Covered Wagon."

The great wagon train leaving Westport Landing.

The fording of the Kaw River by wagon train.

The attack by Indians.

The massacre of pioneers.

The prairie fire.

Molly's wild ride and rescue by Banion.

The scenes at Fort Bridger.

The parting of the train - for Oregon and California.

The fight between Banion and Woodhull.

The great buffalo hunt.

The death of Woodhull.

## Elimination of Degeneration Potato Diseases

(Experimental Farms Note)

Degeneration diseases of potatoes are those such as mosaic, leaf curl, curly dwarf, spindle tuber and the like which are known to be spread in the field by aphids, plant lice, and which can only be eliminated by removing the source of infection. The source in every case can be traced to tubers which were formed in diseased hills the previous year. The aphids feed on the plants arising from those tubers, and when they go to healthy ones they carry some of the infectious with them and in the course of feeding, inoculate the juice from the diseased plant into the healthy one. In the course of a few weeks the formerly healthy plant is diseased.

In order to prevent the spread of these degeneration diseases it is necessary to go through the field about the time the plants are eight to ten inches high and pull out all that appear undesirable. In doing this be sure to remove the entire plant system, including the seed piece. The removal of plants in this way is known as "roguing." Two or three weeks later the field should be given another thorough inspection and all diseased or undesirable plants rogued. It is also necessary at this time to remove any foreign varieties which may be present. Should it be necessary to rogue a field after the tubers have begun to form, care should be taken to remove these as well as the plant. This will reduce to a minimum the danger of disease being carried over to next year's crop by means of tubers.

## Newspaper Men in Belgium

BRUSSELS, June 22nd.—The Canadian Weekly Newspaper Editors on tour in Europe arrived here today and were accorded a most cordial welcome by the Belgian people and the press of this city in which many references were made to the part Canada's editors had taken in the great war.

After landing at Antwerp where they were officially welcomed the entire party proceeded to Malines where they were greeted by Cardinal Mercier. Here today they were received by King Albert, who shook hands with all members of the party and wished them a pleasant journey through his country and a safe return to Canada. His Majesty also expressed the hope that the visit of the Canadian Newspapermen would be followed by increasing trade between Canada and Belgium, and a closer understanding between the people of the two countries.

The party which numbered about 200 is made up of the editors and publishers of weekly newspapers in all the provinces of Canada and their wives. They left Montreal on board the "Métis" and after visiting the Belgian battlefields will go to Paris for a three day stay and will later spend some time in England where they will be received by their Majesties the King and Queen and will visit the Empire Exhibition at Wembley.

## SUCCESSFUL TOUR OF LIVE STOCK TRAIN

Excellent meetings and much enthusiasm are being encountered by the live stock improvement train now touring Saskatchewan over Canadian National lines. Attendance at meetings held at seven of the smaller points visited within the past few days totalled around the thirty-five hundred mark, and the sale of pure-bred cattle and swine is expected to have a highly satisfactory effect on the quality of livestock which will be produced in the future at many of these points.

## IMMIGRANTS HAPPY

Satisfactory reports are being received from farmers who engaged their farm help from among immigrants arriving this spring over the Canadian National Railway, according to officials of the colonization department. Many of the new settlers have been visited by representatives of the department, and without exception these were found to have settled down to their new work and all expressed themselves as more than satisfied with conditions as they found them in Canada.

### Calgary Exhibition

Entries for the Calgary Stampede are at present just double those of any previous year in the city's history. All is hustle and bustle out at Victoria Park—the "hot" spot upon which the gigantic spectacle of Canada's premier Stampede and Exhibition will be presented. Without a doubt, the week of July 5-12 will be the greatest in the history of Southern Alberta. Never before have so many out-of-town people made enquiries about a Western Canadian event. The slogan set by the Stampede Committee is "One Thousand and Saddle-horses for the Parade." This figure it is confidently expected will be reached.

As a result of the overwhelming requests for exhibiting space, the management has found it necessary to provide many additional corrals, chutes and pens, to accommodate several thousand head of livestock.

Cowboys, girls, riders, ropers and exponents of every other thrilling sport known to the stock-raising and frontier West, have filled entries by the hundred.

Then there are the Old-Timers and Mounted Police of Southern Alberta, pioneers of all walks of life, who will have a special section of the ground upon which to meet over hot coffee and sandwiches and talk over the stirring events of the "early days" of the Canadian West. Here, they raise their official annual re-union in log huts and tents harkening back to the days of '74. Adding the necessary touch of romance to this scene, the Blackfoot, Sarcee and Stony Indians will pitch their massed encampment of painted and decorated teepees just across the trail from the Old-Timers. To keep "law and order" the Royal Mounted Police will have a regular old-time post situated between these two camps. Truly, this spectacle will reflect the heyday of romance on the Canadian plains.

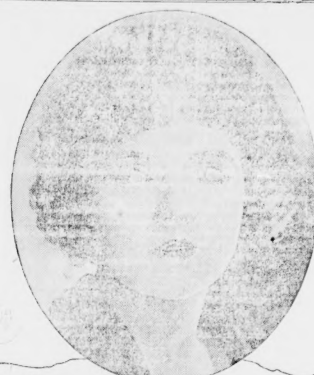

But the "Wild and Woolly West" will be only tangent upon the present-day showing of Western Canada, which will be represented in the Exhibition across the way. Here some of the best stock and cattle in Canada will be on exhibition, together with every other product for which the West is becoming known the world over. Among the exhibitors will be the Prince of Wales and the Earl of Athlone. Nothing but progress in Western Canada is indicated by this year's exhibits in sheep, cattle, swine and livestock. Many of these exhibitors break all past records in both quantity and quality. The world's largest team will be worth going many miles to see. Those intending to visit this combined events should be sure and be in Calgary by 9 o'clock Monday morning to see the great Stampede Parade. It will be the largest ever presented. Don't miss it.

#### SHIPPING TAR SANDS

Preparations are now complete for shipping out large quantities of tar sands from Waterways, Alberta, arrangements being made to load the material can be loaded on the railway cars with very little handling. The plant from which the shipments will be made is located at the base of a cliff more than 200 feet high. This is practically a solid mountain of asphaltum, which can be mined in the most economical manner.

#### STROLL HOME FOR HOLIDAY

Three Winnipeg students have started from Vancouver on foot in an attempt to walk to their homes on the prairie by August 15. They are following the Canadian National Railway right of way through the mountains and across the prairies.

The game was evenly matched and  
both teams played a hard-fought  
game. Calgary, however, won the  
local boys out by one run.

A fair crowd of baseball fans were  
present and gave the boys and sup-  
port.

## 9,000 CANADIANS RETURN

Evidence that many Canadians are  
returning from the United States is  
shown by statistics now being com-  
piled by the Department of Immi-  
gration and Colonization, the total for the  
last two months being nearly 9,000.  
In April returns from 148 out of the  
171 points along the international  
boundary at which there are Canadian  
immigration inspectors showed that  
4,081 Canadian citizens returned to  
their own country. In May the num-  
ber at 156 ports was 4,829, with 52  
ports still to be heard from. These  
figures do not include Canadians who  
have been in the United States for a  
shorter period than six months.

The Craigantier school surroundings  
are going to be greatly improved dur-  
ing the vacation; new fencing and  
re-planting of a fine will. A flag staff  
and some paint will also greatly im-  
prove the appearance.

## Namaka Notes

Mr. Whitney announced at church  
on Sunday last that a special col-  
lection would be taken on Sunday next,  
July 6th at Sunday school. This to  
be used specifically for Jennie De Bie,  
the little girl who is likely to lose her  
sight as the result of a fire which de-  
stroyed their home in Strathmore last  
week.

The Ladies Aid will meet at the  
home of Mrs. Sim on July 7th, not  
the 7th as reported last week.

Miss F. Walsh left on Monday for  
Ontario, where she is spending the  
vacation with her parents.

Our station agent, W. J. McKinnon,  
is now taking his vacation. He is re-  
lieved by Mr. McKinnon.

Four fine Percheron stallions, aver-  
aging over 2,000 pounds each, were  
shipped from this point by the Gen-  
Lane Co.

Mr. Winifred Daniels returned last  
week from Cochrane and is staying  
with his uncle W. J. McIntosh.

Miss E. Waite spent the week end  
at her home here.

Miss Ada Mace returned on Sun-  
day from Travis, where she has been  
visiting relatives.

Mrs. and Margaret Sim are spend-  
ing a short vacation at Clearholm  
and Gramam.

A government crew has commenced  
grading the auto road due south of  
Namaka. It makes it poor travelling  
just now, but will be a decided im-  
provement when completed. The north  
road is best to travel on right now.

Mr. and Mrs. C. W. Watson motored  
to Calgary on Monday last.

## Rosebud Notes

A meeting of the Ladies Aid has  
been called for Saturday afternoon  
next. All the members are requested  
to be present as there is very impor-  
tant business to be discussed.

A very interesting social took place  
on Sunday, June 23rd, when Mr. and  
Mrs. Edward Nicklessen held a family  
reunion at their ranch, eight miles  
south of Rosebud. Games were play-  
ed and refreshments served, and a  
very pleasant day was spent by the  
numerous members of the family. The  
guests were: Mr. and Mrs. Harold  
Nicklessen and daughters, Mary, and  
Dorothy; Mr. and Mrs. Louis Nick-  
lessen, all of Rosebud; Mr. and Mrs.  
Orville Lyon and children of Rose-  
bud; Mr. and Mrs. Walter E. Joyce  
and children, of Clearholm, Ohio; and  
Mrs. Lindholm, of Indianapolis, Ind.

Our local preacher, Mr. Walker, is  
having his troubles. He has a horse  
which Mr. Till kindly loaned him, but  
he tells us that he has considerable  
difficulty in getting the horse out of  
town, and especially past the hotel.  
This horse must have a history, and  
perhaps it would be as well to book up  
his antecedents.

Mr. Walter Gross has returned to  
Rosebud from Mount Royal College,  
Calgary.

Mr. Spencer is still quite ill in Cal-  
gary.

Miss Giberson left on Saturday  
morning for her home in New Brun-  
swick.

Mrs. Hyman returned on Monday  
evening from Calgary.

Mr. and Mrs. Kline and family are  
removing to Calgary this week, where  
they will take up their residence.

Miss Isobell Copp leaves Monday for  
her home in Calgary.

Mr. Robert West will leave on Friday for a visit to Iceland, where he will spend several months.

The members of Strathmore Lodge No. 22, A. F. and A. M. are reminded of the Regular Meeting to be held on Monday, July 7th, 1924, at 8 p.m. precisely. Work in the second degree only.

Mr. P. H. Morgan left for Quebec on the Trans-Canada on Friday, June 20th, to accept a position with the Quebec Development Company.

The Alberta Provincial Corn Show which was announced some time ago will be held in Medicine Hat on Nov. 12th and 14th.

For the convenience of Radio fans arrangements have been made by the Department of Marine and Fisheries for Mr. Dunn, Strathmore to issue the necessary Licenses in this district. The cost of same is \$1.00 per year, and if local residents have not already done so they should make application as soon as possible as it is the intention of the Government to check up all unlicensed sets in the near future.

The Godfrey-Garden deal referred to in our last issue was put through by Mr. F. J. Dunn, of the Strathmore Real Estate Agency, Strathmore, Alta.

## Social-Personal

Mr. and Mrs. T. Moore, of London, Sask., are visiting Mr. and Mrs. Tom Crawford for two weeks.

Misses Parrie, Sanford and Ewing left for Calgary on Tuesday. Miss Sanford will visit her home in Idaho, then returning to Strathmore for the fall term.

Miss Watson visited her home in Macleod during the holiday, and while there attended the Macleod Jubilee.

Miss Brown spent the week end in Calgary.

Mr. Toddy Hymel returned from his vacation on Saturday last and has resumed his duties at the bank.

A "regular tune" was had by the members and friends of the United Church Choir, when they gathered to the farm of Mr. and Mrs. Vance Todd where a very successful picnic and lawn party was held.

Mr. C. A. Lydell, the conductor of the choir, very ably directed combinations and games, and new for both young and old, which resulted in the gay spirit of the entire party. A huge bonfire was lit and very delightful "tunes" were served, to which, needless to say, everyone did justice, and thanks are due to the ladies who so kindly prepared the feast.

After lunch some very good singing was enjoyed, from Grand Upright Jazz. Dr. Gilvin contributed largely to the success of the music with his harp, which he played in his usual good style.

Expressions of thanks and praise for Mr. and Mrs. Todd were heard on every side, for their untiring efforts, and for the hospitable manner in which they entertained, and also for those who had worked to make the picnic the success it was. The consensus of opinion was that there should be many more.

Many weather prevented the lady members from playing their inter-city competition in the morning, but one postponed game will be played on Friday evening next, at 8 o'clock, brilliant sunshine on the other hand greeted the men on Sunday last for their team match; President vs. Vice-President, and the following scores resulted: President's team, 1; Vice-President's team, 5.

Great interest, and a gallery are expected for Saturday afternoon next, when Miss Mary Patrick and Moore Black, McWilliams and "Tommy" Morrison are to play over the Strathmore course in the seventh play of the local club.

Miss Patrick is Calgary's lady champion, Mr. Black is this year's holder of the city championship, Mr. McWilliams being the runner-up, and Mr. Morrison a former champion.

"Ringer" competitions will start this week and continue till the end of the season.

Two score sheets, one for the ladies competition, and one for the men's competition will be placed in the Strathmore Hardware Co's premises, and all information regarding the competitions may be obtained from Mr. Foote.

As a rugged competition offers as much or even more chance for glory to the beginner than for the seasoned golfer, interest will be general and DON'T FORGET to turn in one score weekly.

## Nightingale Sports

A record turn-out—a record gate—a record day of enjoyment was provided on July 1st by Nightingale Amateur Association, the field kindly loaned by Archie McLean.

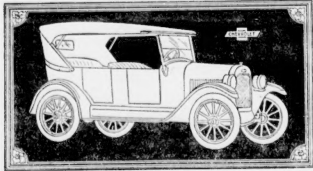

There was very keen competition with the exception of the demerit race—for which there were no comers. The sportsman numbered about 1000 and the soft drink and ice cream made a great haul in providing for the wants of the hot and thirsty crowd.

## PLENTY OF MONEY FOR MINES

That Canada could readily secure in London, England all the capital required for the development of her mineral resources, provided those interested in mining properties could show the investor mineral deposits

worthy of development, was the statement made by Sir William Maxwell, K.B.E. in an address at the Pax, Man, a few days ago. Sir William, prominent English mine owner and writer, was on his first visit to see the rich Lake gold camp, during his tour of Canada over Canadian National lines.

## On Parliament Hill

The strike of the postal employees has, of course, occupied the centre of the stage during the past week. The action of other political problems of the government. The stand taken by the acting Postmaster General Charles Stewart, voting the minority opinion, of the "Cabinet may be summed up in Mr. Stewart's own words to the Commons on Wednesday—"fair but firm." Confronted on the one hand with a Dominion-wide demand for reduction of the cost of government and for lower taxation and on the other hand by the insistent demands of the postal employees, and indeed all other classes of the civil service for an increase in pay, the government has endeavored to eliminate all but necessary expenditures while at the same time embarking upon a general policy of salary revision in the civil service commensurate with a fair living wage under present economic conditions.

The task of making this salary revision was turned over to a joint committee of the Civil Service, the deputy ministers of the various departments and the newly established Audit Board. The first class to be taken up by this committee was the postal workers who, for a number of years, have been complaining that they have been unduly discriminated against in the way of salaries as compared with other branches of the civil service. The whole matter was gone into very fully by the committee having regard to increases that were granted by way of cost of living bonus during the past few years and to the present trend of living costs downward, together with comparative wages paid in other vocations. The report of the committee submitted to the government was twice referred back for reconsideration. Finally the recommendations of the civil service commission who under the statute are the final arbiters in determining salary schedules was accepted by the government.

**STAMPEDED BY TORONTO**  
When announcement of this new schedule was made there was at one vigorous protest raised by the Canadian Federation and Postal Employees but this was not officially communicated to the Government. Press reports indicated that a strike was brewing, but no official communication reached the government from the Federation until a decision to strike had practically been made. The government did everything it could to avert a strike and at the same time be fair to the tax payers and to the other branches of the service. After several hours of consultation on Wednesday with the officials of the Federation it was agreed that the strike call should be postponed for twenty-four hours while the men considered the government's offer that the old rates of pay should be continued with no reduction to any postal worker pending final adjudication and review of the whole civil service salary list. Despite this and the unconditional promise of the executive officials that the strike call would be postponed for twenty-four hours, the Toronto edition in charge of the Federation seems to have stampeded other branches of the Federation and in consequence without further reference to the government the strike was called in Ontario and Quebec cities on Thursday.

**GOVERNMENT NOT INTIMIDATED**  
The government refused to be intimidated by the action taken from Toronto. Steps were at once taken to fill the places of those who precipitately went out on strike under the circumstances. It is believed that the strike will be short-lived. There will be temporary serious dislocations of business, especially in Toronto and Montreal, but the result with the mail situation of a very considerable portion of new men for those who without due thought to their obligations to the public service sacrificed their positions.

It is significant that telegrams have poured in from all parts of Canada congratulating the government upon the firmness and fairness of its stand and urging that at the present time of general deflation in prices and getting back to normalcy in wage levels it is no time to set a new and high standard for civil service salaries.

## RETURNING TO CANADA

An illuminative item of the week was the statement given out by the Immigration Department showing that during April and May 9,000 Canadians who had gone to the United States six months or more ago, attracted by the higher demand and higher wages there, have returned to Canada. For workers in the building or metal trades. They have come back bringing with them their tools, believing that under present conditions Canada is a better place for them than the United States, having regard both to employment and cost of living conditions. Thus within a few weeks after so much stress was laid in Parliament by Opposition speakers upon the exodus to the United States a counter movement is given by the return flow. It is also illuminative to note that the stock market by Conservative protectionists during the Budget Debate as to what high protection did in the United States in ensuring prosperity has been rather suddenly converted into an example of the evils which sooner or later come from tariff escalation.

## NO SIGN OF "RUIN" HERE

As throwing another spotlight on the budget debate in regard to the plants of the Canadian textile manufacturers that their business was going to ruin because of the lack of protection it is interesting to note that during the past week the Dominion Textile Company, Limited of Montreal, in its annual statement showed profits of \$142,511 practically the same as for the two preceding years and equivalent to six per cent of common stock having a book value of fifteen million dollars, although a very large percentage of it is water. Compared with reports of textile companies in the United States under a much heavier tariff protection Canada's competitive seem to be still doing remarkably well.

## Ardenode Notes

A right on time meeting of the U. P. W. A. met at the home of Mrs. O. R. Booth Wednesday last. The meeting opened by singing "Praise God from Whom all Blessing Flow."

Many letters were read by the association which was one from Mr. Irving M. P. and Mr. Shaw M.P. thanking the local for the support given them regarding the Divorce Bill which is now before the House of Parliament at Ottawa.

Mrs. C. Dawson read a splendid report of the Dist. Assoc. convention and pointed out facts of interest which were mentioned in Standard of last week. Mrs. E.E. Thompson then presented the petition, "Sudden Adoption Case," which was sympathetically discussed and endorsed unanimously. The meeting then adjourned and the hostess served refreshments, which would have been subject to a policeman's report.

## Keep That Confidence!

Ever since the beginning of the world, **CONFIDENCE** has played a tremendous part in the preservation of peace and honor.

Individuals, communities and nations filled with confidence in each other find true contentment and good feeling. Through this confidence, they are of mutual benefit to each other. Just as soon as that confidence is destroyed, that which was productive is gone and all concerned suffer.

Confidence is the basis of business today. Confidence is responsible for the great credit system in the commercial world.

When you buy merchandise or service from a business man of Strathmore, you get credit because of his **CONFIDENCE** in you. He **BELIEVES** in you. He knows that you have built up a character and reputation that **DESERVES** his confidence.

**KEEP THAT CONFIDENCE!** Keep it for your own sake, as well as for the sake of others. Pay your bills promptly! If circumstances arise that you cannot take care of your obligations at the promised time, be frank with your creditor. Let him know that you are remembering his faith in you.

**IT IS ONLY THROUGH ALL OF US KEEPING FAITH** with each other that the granting of credit is possible. Let's create and maintain a "good pay" reputation for Strathmore. Let us **BUILD** in this community with **CONFIDENCE!**

We, whose names are signed below have confidence in the people of Strathmore, and ask them to justify this confidence by keeping their credit in good standing

## Slats' Diary

Friday—well, it is kinda nice at the hotel. Pa is going to have a little day next Monday and she was fixing up a nice surprise party on him and now just because he has undelivered it out she is sure at me for telling the secret to him. Well it is the only new all the honest facts she would not that I never told him the secret. I only just simply as him did he was about the party they was a going to have for him that was all.

Saturday—Are little cuzzies was here today. He is a wonderful little child. He is just high 12 yrs. of age and has still got his tonsils and adenoids and appendicitis yet. Everybody is talking of it. But I am afraid it is going to spoil him having so much attention paid to him.

Sunday—Pa is trying to talk me into him buying Bloom Times for the lord. He says, "Why when you get an over by Bloom times they are so soft it won't even hurt you. Maybe he is right but I don't believe that kind of a past time will ever become very popular. Around here we don't read."

Monday—well the surprise was a big success even if it was wise. They was a lot of fun going here with three of us and also with the girls. Jane especially. We was dancing to the fonograph & after a while Jane says to me, "Do you like dancing and I replied back and says, "Yes in deed. She said, "Well I don't dance a while then. I wonder what she thought I had been doing for the last ten min. Maybe she is just dumb."

Tuesday—Ma has got a cuzzin which her husband left her a dozen times ago. Tonight she was coming to visit us. And 2 young ladies were here and they got to talking about marriage and sex. And she advised them to marry for Love. A specially the 1st couple times.

Wednesday—Pa got to talking me on about his shirt wassest round & as a result to the Assistant we had a cold supper. They say Experience is the best teacher, but it seems to me like it just can educate some folks.

Thursday—I read I will half to give up my base ball mitt and ball. I got it by paying a quarter down. That was easy but the main trouble is fixing the rest of the quarters up.
